

March 5, 2009

Robur Corporation would like to invite you to attend a Service Training class on Robur's latest absorption cooling and heating technology scheduled for May 19, 20 and 21, 2009. This training will be held at the Southern Indiana Career and Technical Center at 1901 Lynch Road, Evansville, IN 47711.

Service training will be on the following models.

**ACF60** (Standard), **HT** (Comfort Conditioning for High Ambient Areas), **TK** (Process Applications), **LB** (Refrigeration), and **HR** (Heat Recovery) models.

**AYF60-119/2 and AYF60-119/4**. Chiller Heater Models – Two & Four Pipe.

**GAHP-A** (High Efficiency Heat Only Heat Pump)

**GAHP-AR** (Reversible Cycle Cooling and Heating, Heat Pump),

**GAHP-W** and **GAHP-W-LB** (Ground Source Heat Pump, Heating and Cooling).

In addition, the class will include installation and programming for the optional DDC Control.

Hands on training, each desk (two students) will have a working Microprocessor board and DDC Controller. For additional hands on training we will use the GAHP-AR (Reversible Cycle Heat Pump).

**This training class is required as part of the Authorized Service Center Program.**

The class agenda will be as follows:

Day 1 May 19, 2009

- 8:00 AM Start
